Academic Calendar (7/1/21 – 6/30/22)

AIID's academic calendar is based on 15-week semesters in the Fall and Spring of each calendar year. We are also working on releasing a summer semester (details TBD). Each academic week of the semester begins at 12AM on Monday morning and ends at 12PM the following Sunday night. Each semester is divided into 15 modules, each lasting 1 week, where academic activities will be structured for each course.

2021-2022 Academic Calendar

eTextbook Requirement

AIID's IDC program uses the eTextbook below from Goodheart-Willcox publishers. The eTextbook fee for 1-year license is included as an institutional charge, but some students may wish to purchase the paper text to supplement their studies. Please visit the publisher using the information below if you would like to get the paper book at your own expense. **Please note that the eTextbook is instant access and the paper text will need to be shipped, so please plan accordingly.**

Please note that the IDC program courses will assume students have access to this book and it is the responsibility of the student to make sure they do.

Interiors: Design, Process, and Practice, 2nd Edition

By: [Dr. Stephanie Clemons](#)

Copyright: 2021

Subject: Interior Design / Housing

DESCRIPTION

Interiors: Design, Process, and Practice is a text that looks at a profession that is never static or predictable because it focuses on people. The text emphasizes the creative excitement and innovative beauty of the interior design field. Students will learn the value of the profession, its historical roots, best business practices, and the career specializations available as well as their educational requirements. This effectively illustrated, full-color text showcases the design work of renowned interior design professionals while enhancing chapter concepts and engaging students in effective learning and application.

eBook. The eBook features a fixed-layout and includes all content from the print textbook with exact page reproductions. Ideal for programs using a combination of print and online resources, it allows all students to have access to the same information and illustrations. eBook features include highlighting and note-taking capabilities. Drill and practice activities that correspond to eBook content are also available.

eBook Instant Access. Upon purchase, you will receive an email with a key code to redeem at the [G-W Online Textbooks](#) site. There is no physical product shipped via the mail.

Technology Requirements

Computer Hardware Required:

Students are required to have access to a Mac or Windows-based laptop or desktop computer with the following minimum specifications.

For Windows Based: Windows 10 only

- **Software**

- An internet connection is required to install and authorize SketchUp and to use some of the features.
- Microsoft® Internet Explorer 9.0 or higher.
- SketchUp Pro requires .NET Framework version 4.5.2. For more information about the .NET framework, click [here](#).

- **Recommended hardware**

- 2+ GHz processor
- 8+ GB RAM
- 700MB of available hard-disk space
- 3D class video card with 1 GB of memory or higher and support for hardware acceleration. Please ensure that the video card driver supports OpenGL 3.1 or higher and is [up to date](#).

SketchUp's performance relies heavily on the graphics card driver and its ability to support OpenGL 3.1 or higher. To test your graphics card's compatibility, please download and run the [SketchUp Checkup application](#). Historically, people have seen problems with Intel-based cards with SketchUp. We don't recommend using these graphics cards with SketchUp at this time.

- 3-button, scroll-wheel mouse.

For Mac Based: Mac OS 11+ (Big Sur), Mac OS 10.15+ (Catalina), and Mac OS 10.14+ (Mojave)

- **Software**

- An internet connection is required to authorize SketchUp and to use some of the features.
- QuickTime 5.0 and web browser for multimedia tutorials.
- Safari

- **Recommended hardware**

- 2.1+ GHz processor
- 8GB RAM
- 700MB of available hard-disk space
- 3D class video card with 1 GB of memory or higher and support for hardware acceleration. Please ensure that the video card driver supports OpenGL version 3.1 or higher and is [up to date](#).
- 3-button, scroll-wheel mouse

Optional Hardware: Access to a printer at home is very helpful but not a requirement

Optional Hardware: A 20" monitor is highly recommended for courses requiring the use of SketchUp software (ID120-CAD & Space Planning, ID160-Kitchen & Bath Design I, etc).

Software Requirements:

Students are required to have access to the following software packages

- Web browser with latest updates (Microsoft Internet Explorer, Apple Safari, or Google Chrome)
- Populi Student Information System is accessed via web browser at: <https://aiid.populiweb.com/> (you will need to log in with the credentials emailed to you during registration)
- Microsoft Word or equivalent (Apple Pages or Google Docs)
- Microsoft PowerPoint or equivalent (Apple Keynote or Google Slides)
- Zoom Application for video conferences at: <https://zoom.us/download>
- Google SketchUp Pro
 - License access will be given to you included with your Institutional charges
- Helpful Phone App: Adobe Scan (or equivalent) is highly recommended to install on your mobile phone from the app store that enables you to scan paper documents to PDF format using your phone camera.

Internet Requirements:

A broadband internet connection of at least 5MB/sec is required for Video streaming.
